Compilation of Memoranda of Understanding/Cooperation Agreements
FOREWORD

Launched on 8 December 1985, the South Asian Association for Regional Cooperation (SAARC) comprises Afghanistan, Bangladesh, Bhutan, Indian, the Maldives, Nepal, Pakistan, and Sri Lanka as its members. The Association’s Secretariat is based in Kathmandu.

Instituted with the primary objectives to promote the welfare of the peoples of South Asia and to improve their quality of life through accelerated economic growth, social progress and cultural development in the region, SAARC also promotes cooperation with international and regional organizations with similar aims and purposes.

Accordingly, since its inception, SAARC has been pursuing consultation and collaboration with a number of regional and international organizations, several of which are under the United Nations. Such cooperation is governed by Memoranda of Understanding or Cooperation Agreements signed by SAARC with respective organizations all over the globe. Essentially, these Agreements define the scope and objectives of SAARC’s consultation and collaboration with various organizations.

This publication is a compilation of such Memoranda of Understanding or Cooperation Agreements signed with several entities that have shown interest to collaborate with SAARC.

I do hope that readers will find this publication very useful.
